## DON DYER LEGACY AWARD

Don Dyer is more than an entrepreneur, he is a visionary leader whose life's work helped lay the foundation for Texans for Medical Freedom. As the founder of 14 companies and a pioneer in classical Christian education, Don built more than businesses and schools—he built legacies rooted in conviction, courage, and faith.

His dedication to truth, liberty, and family continues to inspire our movement today. Don believed freedom was worth defending at every level, from the classroom to the Capitol, and he lived that belief with unwavering strength.

The Don Dyer Legacy Award was created in 2024 to honor individuals who carry forward his bold spirit, tireless commitment, and steadfast belief in freedom. Each recipient reflects the values Don lived by and the impact he leaves behind.

## 2025 AWARD RECIPIENT

### EMERSON HANKAMER

Emerson has been a steadfast supporter of Texans for Medical Freedom, stepping up time and again to ensure our movement has the strength and resources to win. His generosity has fueled grassroots advocacy, expanded our reach, and secured meaningful victories at the Capitol. He is not only a business leader, but also a true champion of Medical Freedom in Texas.

Starting as Vice President, then President & COO, and now CEO, his leadership reflects a proven record of innovation and excellence in the travel industry.

The Hankamer School of Business at Baylor University bears his family name, a legacy of entrepreneurship, leadership, and impact that Emerson continues to embody through his work and his commitment to freedom. He holds an MBA from Rice Business and a BA from The University of Texas at Austin, bringing both global perspective and entrepreneurial drive to his work.

## KEYNOTE SPEAKERS

### DAVE ASPREY

Known as the “Father of Biohacking,” Dave is a pioneer in health science and human performance. He is the creator of Bulletproof Coffee, founder of

Upgrade Labs, and host of the #1 rated health podcast The Human Upgrade. A multiple New York Times bestselling author, Dave has spent decades working with world-class doctors and researchers to push the limits of mental and physical performance. His mission is to empower people with the tools and knowledge to take control of their biology and live stronger, longer lives.

### DR. PETER MCCULLOUGH

Dr. McCullough is an internist, cardiologist, and epidemiologist in Dallas, Texas. With over 1,000 publications, he authored the

first widely used early outpatient treatment protocol for COVID-19 and later introduced the first detoxification strategy for vaccine injury syndromes. He has testified before the U.S. Senate, House of Representatives, and multiple state legislatures, becoming one of the world’s leading voices for medical freedom and accountability.

## ABOUT TMF

Texans for Medical Freedom leads the medical freedom movement by championing individual liberties, informed consent and parental empowerment. Partnering with Secretary Kennedy’s “MAHA” campaign, Texans for Medical Freedom has played a pivotal role at both the state and federal levels. During this last legislative session, Texans for Medical Freedom was instrumental in the passage of several major medical freedom bills, all of which were signed into law by Governor Abbott.

Headquartered in North Texas and led by Jackie Schlegel, Texans for Medical Freedom continues to pave the way for all Texans to be protected from government mandates, infringement on personal autonomy and parents’ rights.
